

CA-VA

CA-VA CV 870.03

Design: Kai Stania (AT)
Manufacturer: RIM CZ a. s.

Fully-upholstered armchair of contemporary design with integrated armrests, designated for relax zones, home offices, waiting areas, entrance halls and receptions. Precise upholstery, customizable colour and material combination.

Description

The shell consists of three parts:

- The base, backrest and cushion are all attached to the seat. The seat is made of a wire frame with plastic parts and PUR foam filling.
- The backrest is a separate piece, firmly fixed to the seat. It consists of a wire frame with plastic parts and PUR foam filling (approx. 70 kg/m³ volume).
- The cushion is a PUR pressed piece of 60 kg/m³ volume.

The polyurethane foam contains no added CFCs and, as standard, meets reduced flammability per California Technical Bulletin 117, Section A Part 1 and Section D Part 2.

Base

.03 – Metal base with four conical tubes. The fixture of the base and the shell is on a swivel mechanism, plastic glides are screwed onto the bottom of each leg and are height-adjustable to compensate for an uneven floor. Surface coating is black powder colour.

Upholstery

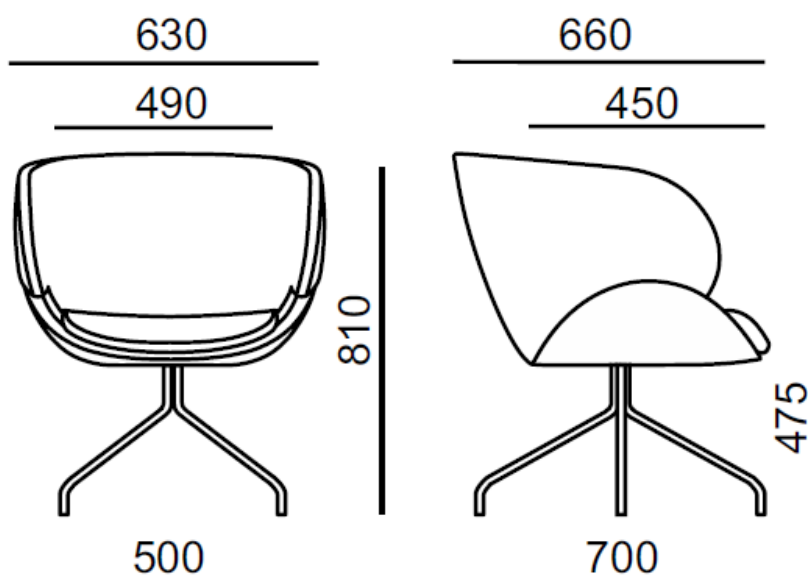

To be selected from fabric collection.

Optional

- Base – Chrome
- Base – Other colours according to the RAL colour chart – available on request

Warranty

5 years (see Terms and Conditions)
