Design: Kai Stania (AT)
Manufacturer: RIM CZ a.s.

Cubix CX 5211

Exclusive line of sofas and armchairs of contemporary design and angular shape designated for public and office areas. Seat with elastic zig-zag springs, quality foam and soft backrest cushion provide maximum comfort. Particular attention was aimed on details, including upholstery. Looks great in both fabric and leather.

Description	The framework is made of spruce wooden beams and chipboard on metal structure. Shaped PUR foam segments are glued to the wooden frame. Sitting part is made of a wooden framework with zig-zag springs and quality PUR foam (th. 120 mm, volume 50 kg/m³) providing great sitting comfort. Seat height 440 mm. Two armrest sizes available – low or high, dimensions 200 mm or 300 mm.
Base	The frame is welded from metal tubes 50x30x2 mm and L-profile 30x30x2 mm with black powder colour finish, embedded in the wooden framework. Legs are firmly attached to the frame, connected with tubes 25x2 mm with chrome finish.
Legs	Each leg is an aluminium cast with adjustable chrome glide. Standard finish black.
Upholstery	As per customer's choice from current fabric offer.
Optional	• Legs – Polished Alu, chrome frame • Legs – Other colours RAL – on request
Warranty	5 years (see Terms and Conditions)
