Manufacturer: RIM CZ a.s.

## Cubix CX 5232

Exclusive line of sofas and armchairs of contemporary design and angular shape designated for public and office areas. Seat with elastic zig-zag springs, quality foam and soft backrest cushion provide maximum comfort. Particular attention was aimed on details, including upholstery. Looks great in both fabric and leather.

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | <p>The framework is made of spruce wooden beams and chipboard on metal structure. Shaped PUR foam segments are glued to the wooden frame.</p> <p>Sitting part is made of a wooden framework with zig-zag springs and quality PUR foam (th. 120 mm, volume 50 kg/m<sup>3</sup>) providing great sitting comfort. Seat height 440 mm.</p> <p>Two armrest sizes available – low or high, dimensions 200 mm or 300 mm.</p> |
| <b>Base</b>            | <p>The frame is welded from metal tubes 50x30x2 mm and L-profile 30x30x2 mm with black powder colour finish, embedded in the wooden framework. Legs are firmly attached to the frame, connected with tubes 25x2 mm with chrome finish.</p>                                                                                                                                                                             |
| <b>Legs</b>            | <p>Each leg is an aluminium cast with adjustable chrome glide. Standard finish black.</p>                                                                                                                                                                                                                                                                                                                              |
| <b>Upholstery</b>      | <p>As per customer's choice from current fabric offer.</p>                                                                                                                                                                                                                                                                                                                                                             |
| <b>Optional</b>        | <ul style="list-style-type: none"><li>• Legs – Polished Alu, chrome frame</li><li>• Legs – Other colours RAL – on request</li></ul>                                                                                                                                                                                                                                                                                    |
| <b>Warranty</b>        | <p>5 years (see Terms and Conditions)</p>                                                                                                                                                                                                                                                                                                                                                                              |
