Collaborative Desk

AGILO AG B4101.01

Design: Kai Stania (AT)
Manufacturer: RIM CZ a.s.

The Agilo & Zonio collection offers comprehensive solutions for modern offices. With a focus on modularity, acoustics and adaptability, it connects work and team tables with shelving systems and acoustic elements made of recyclable PET felt. Thanks to smart construction, the elements are easy to assemble. All parts of the Agilo & Zonio collections are interconnected, creating a user-friendly whole that is open to change and designed with attention to detail.

Description	The Agilo high collaborative desk is a flexible solution for modern work environments. Thanks to a mobile base with castors, it easily adapts to different types of meetings and team activities. A PET panel is included. The table can be complemented with practical accessories such as a whiteboard, monitor holder, or integrated cable management outlets.
