

CA-VA

CA-VA CV 870.031

Design: Kai Stania (AT)
Manufacturer: RIM CZ a. s.

Fully-upholstered armchair of contemporary design with integrated armrests, designated for relax zones, home offices, waiting areas, entrance halls and receptions. Precise upholstery, customizable colour and material combination.

Description	The shell consists of three parts: • The base, backrest and cushion are all attached to the seat. The seat is made of a wire frame with plastic parts and PUR foam filling. • The backrest is a separate piece, firmly fixed to the seat. It consists of a wire frame with plastic parts and PUR foam filling (approx. 70 kg/m3 volume). • The cushion is a PUR pressed piece of 60 kg/m3 volume. The polyurethane foam is free from added CFCs and is standardly provided with reduced flammability in accordance with California Technical Bulletin 117, Section A Part 1 and Section D Part 2.
Base	.031 – The base is metal, four-spoked made of tubing. Plastic snap-on glides. The surface is finished with black powder coating.
Upholstery	To be selected from fabric collection.
Optional	• Base – Other colours according to the RAL colour chart – available on request
Warranty	5 years (see Terms and Conditions)
