

AGILO

Shelving Systems

AGILO AG S3100, AG S3200

Design: Kai Stania (AT)
Manufacturer: RIM CZ a.s.

AGILO AG S3100, AG S3200

The Agilo & Zonio collection offers comprehensive solutions for modern offices. With a focus on modularity, acoustics and adaptability, it connects work and team tables with shelving systems and acoustic elements made of recyclable PET felt. Thanks to smart construction, the elements are easy to assemble. All parts of the Agilo & Zonio collections are interconnected, creating a user-friendly whole that is open to change and designed with attention to detail.

Description	Three-level shelving system with the option of adding a PET panel for increased privacy and improved acoustic properties. An ideal solution for offices, helping to divide workspaces and enhance acoustic comfort. Also available in a double version for extended storage and partitioning options.
--------------------	---

Metal frame	The black steel frame consists of a welded side section (tube Ø 30 × 1.5 mm + profiles 30 × 20 × 1.5 mm) and steel cross profiles of the same dimensions. Assembled using aluminium connectors and screws. Plastic glides.
--------------------	--

RAL colours: white, pigeon blue, light grey, grey-blue, beige, olive green
Other RAL colours – on request

Dimensions, weight:

- 890 x 460 x 1140 mm | 13,1 kg (**AG S3100**)
- 1750 x 460 x 1140 mm | 21,3 kg (**AG S3200**)

Shelf board	MFC shelf board (melamine-faced particleboard), thickness 18 mm, radius 40 mm:
--------------------	--

- white W1000, ST9, ABS edge in board colour, thickness 1 mm
- light grey U708, ST9, ABS edge in board colour, thickness 1 mm
- anthracite U963, ST9, ABS edge in board colour, thickness 1 mm
- oak H3395, ST12, ABS edge in board colour, thickness 1 mm

Other shelf boards – on request.

Dimensions, weight:

- 1290 x 400 mm | 7,4 kg (**AG S3100**)
- 2150 x 400 mm | 12,4 kg (**AG S3200**)

Recommended quantity: 3 pcs per shelving system

Optional PET panel	PET felt panel, thickness 9 mm, melange finish:
---------------------------	--

- Colours: anthracite, light grey, grey-blue, beige

Dimensions:

MT PS310: 850 x 890 mm

MT PS320: 2x 850 x 890 mm (for double unit)

The panel is made of environmentally friendly PET felt (100% polyester, 60% recycled), 9 mm thick, with a weight of 1900 g/m² ± 7%. It offers acoustic properties with a Noise Reduction Coefficient (NRC) of 0.3 (without air gap) up to 0.8 (with 150 mm air gap), low weight, reduced flammability and thermal insulation.

Optional Other	<ul style="list-style-type: none">• Castors, braked (.01) – only for AG S3100• PET boxes – colours according to the colour chart: anthracite, light grey, grey-blue, beige

Certification

The product meets the requirements for safety, strength, durability, and stability in accordance with **EN 16121** (test severity level **2**). Applies to the product version with glides.

The PET material contains no volatile organic compounds (VOCs) or other harmful substances and complies with GREENGUARD, OEKO-TEX STANDARD 100, REACH and RoHS certifications. It is easy to clean and 100% recyclable.

Load capacity

Any single shelf can be loaded up to 70 kg.

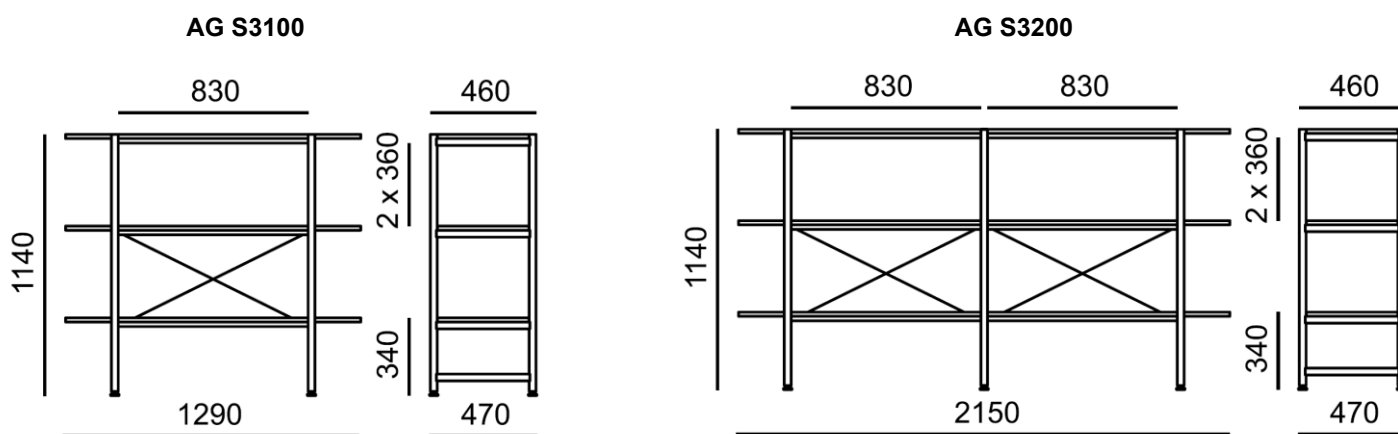

Safety note:

Always distribute the weight evenly across each shelf and never exceed the limit. For stability, place heavier items on the lower shelves.

Warranty

Fixed metal parts: 5 years | PET panels and boards: 3 years (see Terms & Conditions)
