The Agilo & Zonio collection offers comprehensive solutions for modern offices. With a focus on modularity, acoustics and adaptability, it connects work and team tables with shelving systems and acoustic elements made of recyclable PET felt. Thanks to smart construction, the elements are easy to assemble. All parts of the Agilo & Zonio collections are interconnected, creating a user-friendly whole that is open to change and designed with attention to detail.

Description	Four-level shelving system with the option of adding a PET felt panel for increased privacy and improved acoustic properties. An ideal solution for offices, helping to divide workspaces and enhance acoustic comfort. Also available in a double version for extended storage and partitioning options.
